ABOUT 概況

Andy Tong Interiors aims to improve peoples' quality of life by creating living environments that are comfortable, beautiful and inspirational. Our design philosophy is "Functionality and Creativity Design". We firmly believe that by transforming spaces we are able to alter people's perception and enjoyment of life.

Andy works on a wide spectrum of interior design projects from spatial design, show suite, shops, office, residential etc. His design projects have won numerous awards in the past decade from both local and international bodies: In 2010 The MOMO Shop achieved a distinction for high design quality at the Reddot Design Awards; Mikiki Show Suite achieved an Excellence Award for Retail Design at the Asia Design Awards in 2009; WTCmore Demor Parlour was awarded the Bronze at the Japanese Society of Commercial Space Designers in 2007.
