ABOUT 概況

We aim to improve people's quality of life by creating living environments that are comfortable, beautiful and inspirational. The relationship between people and design becomes even more important in a commercial city such as Hong Kong and we firmly believe that by transforming spaces we are able to alter people's perception and enjoyment of life. We pursue simple designs that emphasise the beauty of the natural world.

Drawing on an extensive knowledge of spatial design, Andy Tong creates wholly unique and distinct styles through his interior designs, best categorized as a "mix and match" aesthetic. Not limited to interiors, Andy's innovative style can easily be applied to large-scale spaces and projects, as showcased in his work on projects such as the show suite in the new Mikiki shopping mall and the WTC More renewal.

Andy Tong

我們的目標是要創造愉快舒適的生活環境，提高生活質素。我們強調人與空間設計的交流及關係，在商業掛帥的城市中打造和諧愉悅的氣氛和生活體驗。城市空間擁擠，我們認為有必要善用每一吋空間；我們追求簡潔的設計，配合天然、綠色生活態度。

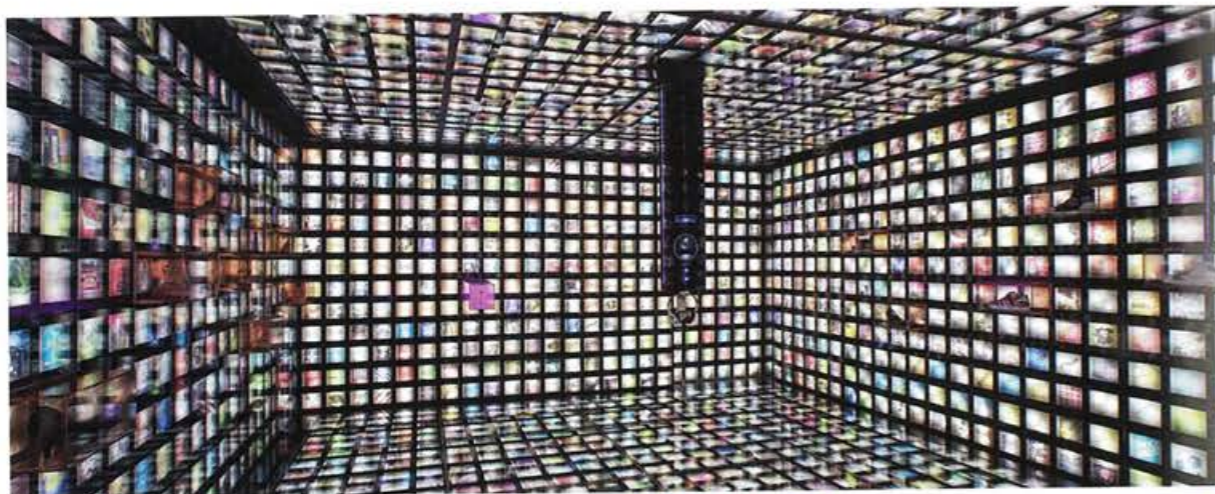

Andy Tong的空間設計知識及技巧非常出色，擅長營造只此一家之「混搭風格」室內設計。Andy的設計才華著重創新及獨特風格，發揮舞台不局限於空間或室內設計。他的作品種類多元化，包括 Mikiki 商場示範單位設計及銅鑼灣世貿中心翻新工程。

Andy的創新意念及技巧讓人喜出望外，深受客戶歡迎。他的成功，證明規模再小的公司也能成就大影響，為客戶建造不落俗套、別具個性的風格。
